

Issued loans and guarantees Q3

Overview of loans and guarantees issued by Export Finance Norway.

Updated quarterly

New transaction Export Finance Norway

Exporter	Industry	Borrower	Project country*	Debtor country	Currency	Loan amount**	ESG classification***
Vard Group AS	Fisheries and Aquaculture	Nergård Havfiske AS	Norway	Norway	NOK	412 800 000	B
Larsnes Mek Verksted AS	Fisheries and Aquaculture	Rostein AS	Norway	Norway	NOK	262 500 000	B
Brødrene Aa AS	Shipping	Attica Holdings S.A	Greece	Greece	EUR	33 603 367	C

* For mobile units like ships and rigs, project country may change during the term of the loan depending on the charter agreement(s) for the unit.

Project country is only stated for units having an initial contract to a defined geographical area for a term of 2 years or more.

** Transactions with several disbursements are listed at first time disbursement with the total loan amount granted.

*** All transactions are classified into category A, B or C which illustrate the assessment of various degrees of risk for environmental impacts and/or social conditions. Cases that are considered to have high environmental risk or risk of adverse social conditions or consequences are classified as A. Cases in category B will be assessed as medium risk, while category C is considered to have low risk of environmental and/or social impacts.
